

Make the claim

You could be one of thousands of people who are missing out on money they are entitled to.

Pension Credit

Working Tax Credit

Carers Allowance

Housing Benefit

Attendance Allowance

Incapacity Benefit

Council Tax Benefit

Disability Living Allowance

Since beginning our work in April 2004, we have gained an extra £1.3 million worth of benefits for households in Newcastle, with another estimated £1 million worth of claims in progress.

Our service is FREE and we have helped hundreds of people claim for their benefits.

HELP US TO HELP YOU

 Every year £4.5 billion worth of benefits go unclaimed.

 2 in 5 people are not claiming pension credit to which they are entitled.

 1 in 3 people are not getting the council tax benefit that they are eligible for.

Many people who are working full time do not realise that they may be entitled to Working Tax Credits. There are also people that are ill or disabled who are unaware that there are disability benefits which they may be entitled to in order to help with care and mobility needs.

Because they are unaware of their basic entitlements, there are households in Newcastle that are missing out on money that is rightfully theirs. **Could your household be one of them?**

The average household benefit gain is £2,300 – money that could be in your pocket.

Don't miss out. You too could be missing out on claiming benefits that you are entitled to and we can help you!

We have helped people such as:

Mr and Mrs L increased their benefits by **£8417.76 a year.**

Mr and Mrs S didn't think they had an entitlement but Warm Zone increased their benefits income by **£13,377 a year.**

Thanks to Warm Zone Mrs F now has an extra **£2556.00 per year** in her pocket.

Extra benefit that Warm Zone secured for Mr B was **£7055.36 per year.**

With the help of Warm Zone Mr P was awarded back payment of £969.20 and an extra **£5056.76 per year.**

If you would like us to help you, please call our friendly benefits advice team at Newcastle Warm Zone on **0191 277 7373**
